2. Academic advisement is available only at the home campus.
3. Evidence of completion of course prerequisites may be required at the host campus (i.e., personal transcripts or grade reports).
4. Financial aid is available only through the home campus and students eligible for veterans, rehabilitation, social security and other federal, state or county benefits must secure eligibility certification through the home campus.
5. Participation in student activities at the host campus is subject to any limitations that may exist at that campus. Similarly, student union facilities will be available according to policies at each campus.
6. Parking on the host campus will be available on the basis of a term fee within campus parking availability or on a daily fee basis.
7. Information concerning host campus identification card policies will be available at the time of registration.

Procedures

1. Student completes application and submits to the Registrar's/Records office at home campus at least two weeks before first day of classes at both campuses. Contact host campus for deadlines, if any.

6. The home campus is responsible for all enrollment reporting and processing of aid. Official notification will be provided by the host campus to the home campus if there are any changes to the student's enrollment.
 - A partial reduction of courses/units may impact the student's enrollment status and aid eligibility.
 - A full withdrawal may result in the home campus having to perform a Return to Title IV Aid calculation (or Return to CSAC for State Aid).
7. Permanent academic records will be maintained at the campus where courses are completed. A record of credit earned at a host campus will be available to the student and to the home campus upon request by the student or registrar of the home campus.
